The year 2021 marks the 100th anniversary of founding of the Communist Party of China, and the historic convergence of the two centennial goals. In the pursuit of our original aspiration and mission, China Re Group remains deeply rooted in the reinsurance market for the interests of the country and its people, while pressing ahead on the new journey of the “14th Five-Year Plan”.

As the national team, major channel, and key player of China’s reinsurance industry, China Re Group strengthened its position and promoted innovation during the “13th Five-Year Plan” period. Adhering to “reinsurance as the core business”, we actively supported national strategies and industry development, and achieved remarkable progress in a series of major tasks and reforms, including ranking 1st in Asia and 6th globally. In 2021, China Re ranked on Fortune Global 500 for the first time and stood 4th among global reinsurance companies, demonstrating the company’s notable achievements in high-quality development and increasing comprehensive strengths.

Since 2020, China Re Group has taken the new development philosophy as the guidance for overall development, thereby not only consolidating its position as the major domestic reinsurance channel, but also driving the steady growth of premium income and the continuous optimization of business structure. During the pandemic, China Re Group played its part as the most significant reinsurer in China’s reinsurance market and the only reinsurer in the Hong Kong market, where helping the industry to launch nearly 1,000 insurance products for pandemic prevention and control as well as the resumption of work and production. We advanced the iteration of catastrophe models, launched the IDI platform for Beijing and Shanghai, and upgraded the “Nuclear • Star” platform for the global nuclear insurance pool, thereby boosting industry influence and business transformation rate. Based on our “Digital China Re” strategy, we rolled out three core systems and achieved key progress in the establishment of the dual middle-platform, representing a major breakthrough in technology-empowered innovation. In addition, the Group established China Belt and Road Reinsurance Pool and successfully underwrote the first political violence insurance policy, while joining hands with 32 international insurers to form a network to serve China’s overseas interests in 136 countries and regions. Currently, the Group has overseas branches in 11 countries and regions and a professional team comprising more than 500 employees abroad, which immensely contribute to gaining international pricing power, facilitating domestic business growth and grasping new opportunities for global development.

Tailwinds urges us to set full sail. The “14th Five-Year Plan” has already defined ambitious goals for the new journey. Adopting the “One-Four-Five” strategy, China Re Group will continue to push forward high-quality development and transformation by highlighting its advantages in the core reinsurance business, while focusing on the four pivots of “product innovation, platform-driven, technology empowerment and global interconnection”, with a view to diversifying economic risks and ensuring a better life for all. Forging ahead with concerted efforts, China Re Group will contribute to the building of a great modern socialist country in all respects!

社会责任

作为中国再保险行业主力军，中再集团始终心系社会民生、服务经济发展，用实际行动实践“企业公民”的责任担当。

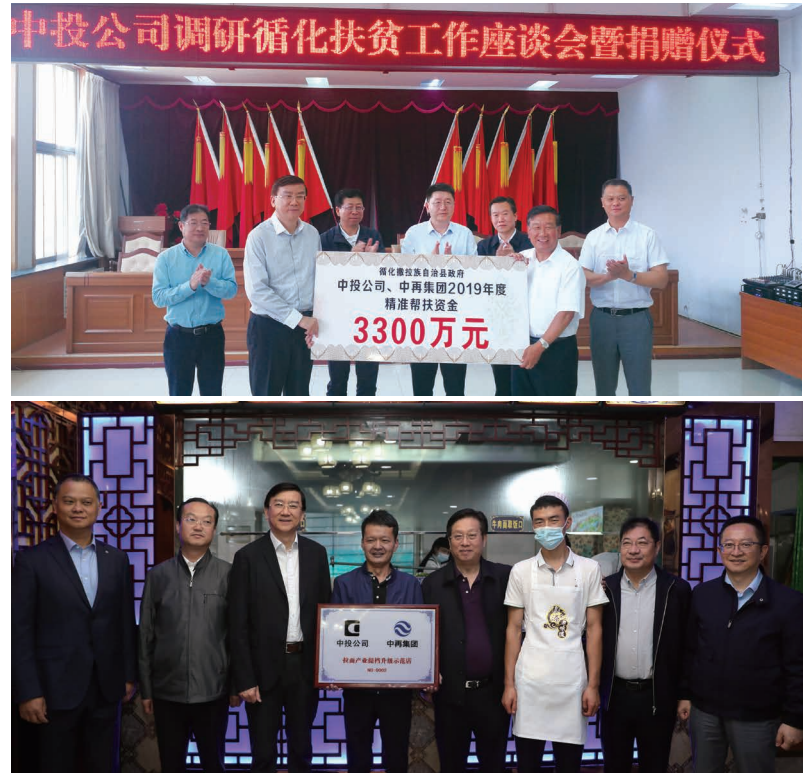

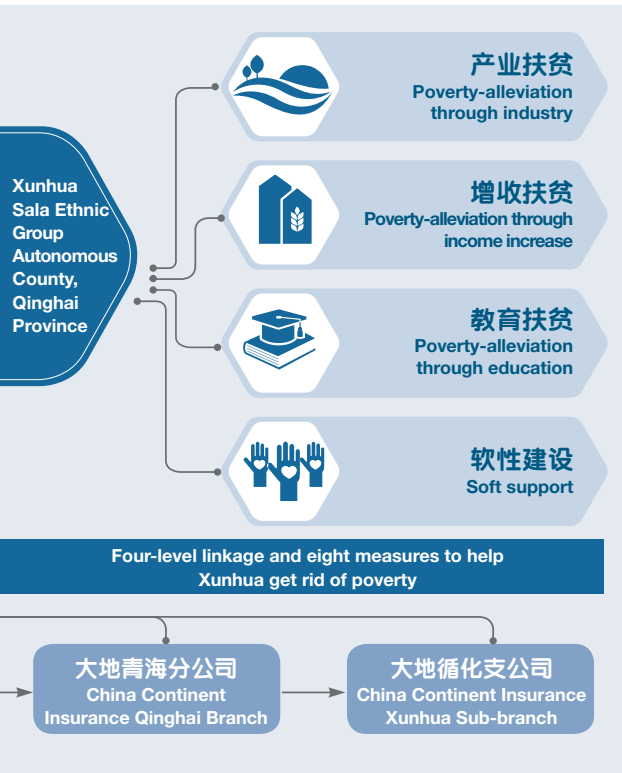

助力脱贫攻坚 守护乡村振兴

中再集团把扶贫工作作为担当社会责任、利在国计民生的重要职责使命，充分发挥保险主业优势，大力推进脱贫攻坚工作。自2002年与青海省循化撒拉族自治县(以下简称“循化县”)建立定点帮扶关系以来，中再集团累计投入扶贫资金约1.37亿元，助力循化县于2018年9月脱贫摘帽，成为全国第一个整体脱贫的区域性少数民族。

2019年，中再集团形成了以保险扶贫和产业发展两个“1”双轮驱动、配合其他精准扶贫举措共同发力的“1+1+N”扶贫新模式，用行之有效的“中再模式”为打赢脱贫攻坚战贡献了“中再智慧”与“中再力量”。目前，中再集团的“防返贫保险方案”已为近160万脱贫群众提供超百亿元保险保障，涉及28个省市，为百姓筑牢防返贫“拦水坝”，助力乡村振兴战略有效落地。

As the leader in China's reinsurance industry, China Re Group has been caring for the society and people's livelihood, serving economic development and practicing our responsibility as "a corporate citizen" with real actions.

Help remove poverty and safeguard the implementation of rural revitalization

Taking poverty alleviation as its major duty and mission to be socially responsible and to serve both the country and the people, China Re Group vigorously promoted works in relation to poverty alleviation by fully leveraging the advantages of its main insurance business. Since the commencement of targeted assistance in Xunhua Salar Autonomous County, Qinghai (hereinafter referred to as "Xunhua County") in 2002, China Re Group has accumulatively invested poverty alleviation funds of approximately RMB137 million and successfully lifted Xunhua County out of poverty in September 2018, making it the first regional minority group to completely shake off poverty in China.

In 2019, China Re Group created the new poverty alleviation model of "1+1+N" with the dual drivers of insurance poverty alleviation and industry development as two "1s", supplemented by the joint efforts of other targeted poverty alleviation measures, thereby contributing "China Re Intelligence" and "China Re Strengths" through the proven "China Re Model" to fight the battle against poverty. Currently, China Re Group's "Insurance Plan for Preventing the Return of Poverty" has provided insurance coverage of over RMB10 billion to approximately 1.60 million people who have got rid of poverty in 28 provinces and cities, which serves as a solid "retaining wall" to prevent people to slip back into poverty and facilitates the effective implementation of various rural revitalization strategies.

抗疫救灾 勇担社会责任

在新冠疫情爆发后，中再集团系统向湖北慈善总会捐款1,000万元，并为灾区提供资金和防疫物资支持；增加再保险承保能力供给，释放直保、投资和保险经纪力量，为抗疫一线捐赠专属保险、为前线牺牲人员快速赔付，为打赢新冠疫情防控战保驾护航，为企事业复工复产提供全面风险保障。

在汶川地震、“菲特”台风、“8·12”天津爆炸事故等大灾突发之际，中再人总是第一时间出现在受灾现场，全力救援，积极向云南鲁甸灾区、玉树地震灾区、庐山地震灾区捐款捐物，并作为首席再保人向云南漾濞灾区提供巨灾保险保障，并向河南暴雨灾区捐赠300万元，帮助灾区人民重建家园。

Combatting against the pandemic and providing disaster relief, shouldering social responsibility

After the outbreak of the COVID-19 pandemic, insurance entities under China Re Group have donated RMB10 million to Hubei Charity Federation, and provided funds and anti-pandemic supplies to the pandemic-stricken areas. They have also strengthened the underwriting capacity of reinsurance and unleashed the primary insurance, investment and insurance broker capabilities, in order to donate captive insurance for front-line anti-pandemic personnel, expedite the compensation process for front-line workers who have lost their lives due to the pandemic, safeguard the battle of pandemic prevention and control, and provide comprehensive protection for risks associated with resumption of work and production of the businesses.

When catastrophes like Wenchuan earthquake, Typhoon Fitow and 8.12 Tianjin explosions hit China unexpectedly, China Re Group is always the first on the scene to rescue. Apart from exerting utmost efforts to rescue, we take an active role in making donation and sending supplies to the earthquake-stricken areas in Ludian county, Yunnan, Yushu and Lushan. We also provided catastrophe insurance coverage for the disaster-stricken area in Yangbi, Yunnan as the lead reinsurer and donated RMB3 million to storm-stricken areas in Henan, so as to help rebuild homes for the disaster-hit people.
